Yahya Belhaddad

Senior iOS Developer | Swift & SwiftUI Expert

Email: yb.belhaddad@gmail.com | Phone: +212 708 807 085

Based in Morocco | Open to remote or relocation within Europe

Profile Summary

Senior iOS Developer with 7 years of experience designing, developing, and delivering high-quality mobile applications across e-commerce, transport, and education sectors. Specialized in Swift, SwiftUI, and UIKit with strong skills in architecture, scalability, and UX optimization. Delivered more than 50 successful iOS applications in European and US markets. Fluent in Arabic, French, and English. Experienced in collaborating remotely with cross-functional teams and fully equipped for European time zones.

Core Skills

- Languages and Frameworks: Swift, SwiftUI, UIKit, Objective-C
- Architecture and Methodologies: MVVM, MVC, Clean Code, Unit and UI Testing
- Backend and Cloud: Firebase, REST APIs, WebSockets
- Tools and DevOps: Git, Jenkins, Fastlane, Jira, SPM, CocoaPods
- Other Strengths: Agile/Scrum, UI/UX collaboration, App Store deployment
- Languages Spoken: Arabic (Native), French (Fluent), English (Fluent)

Professional Experience

Teal Technologies and Services | Software Engineer iOS (June 2025 – Present)

- Led development of enterprise-level Swift-based iOS applications, improving performance and scalability.
- Worked with DevOps to implement CI/CD pipelines, reducing release cycles by 30 percent.
- Enhanced production monitoring and deployment stability through process optimization.

Zaytech Software | iOS Developer (January 2022 – May 2025)

- Developed international iOS apps with more than 350,000 downloads across Europe and the United States.
- Built Smart Online Order, an e-commerce platform with Apple Pay, Clover SDK, and Doordash integration.
- Created Zaytech Academy, a real-time event management system with QR-based check-ins and notifications.
- Contributed to architectural design, code reviews, testing, and CI/CD automation.

Evo Dispatch | Mobile Developer (iOS / Android) (August 2018 – December 2021)

- Developed transportation apps such as HelloTaxi, Taxi13, and Taxitec Driver for iOS and Android.
- Implemented live geolocation, chat systems, and real-time trip assignment using Firebase and WebSockets.
- Improved performance and user experience through code optimization and testing.

Education

Master's in Full Stack Engineering and Digital Management
École Nationale des Sciences Appliquées, Morocco

Licenses and Certifications

- Designing User Interfaces and Experiences (UI/UX) — IBM, Credential ID 7VO8V9SGVBF3
- Generative AI: Elevate Your Software Development Career — IBM
- Get Started with Android App Development — SkillUp Online, Credential ID S9OK4BP3BCUS
- Get Started with iOS App Development — SkillUp Online, Credential ID EA1Z1M35DFTE
- Google Africa Developer Training Program — Google for Developers, Credential ID 2F5FA4856AAA276
- Introduction to Mobile App Development — IBM, Credential ID 0CHX0OYFT1HV
- Introduction to Software Engineering — IBM, Credential ID E03ENGYFA8PL

Selected App Portfolio

- Bahia Bowls (App Store)

- Roxy's Island Grill (App Store)
- Java Junkies (App Store)
- Bagel Boss (App Store)
- HiroNori Craft Ramen (App Store)
- Zaytech Academy (App Store)

Key Achievements

- Delivered over 50 iOS applications with measurable business impact and user reach across Europe and the US.
- Integrated secure payment and analytics solutions (Apple Pay, Clover SDK, Firebase, Facebook SDK).
- Designed scalable mobile architectures and optimized CI/CD workflows for reliable deployments.
- Provided technical mentorship and led continuous improvements in code quality and performance.

Open to Remote and European Roles

Based in Morocco and fully equipped for remote collaboration within European time zones. Fluent in French and English, adaptable to diverse teams, and available for relocation if needed.
